

# BLOOM LED Track Head

BLOOM is ideal for accent and display lighting. It is the ultimate solution for both residential and commercial spaces. BLOOM features a clean, contemporary design that enhances the look of any space. Perfect for retail, galleries, and modern interiors where style matters as much as performance.

### Timeless design

Designed for those who demand both style and performance, Bloom delivers exceptional lumen output to brightly illuminate any space without compromising on aesthetics.

#### Color and power selectable

Bloom is available in 5 color temperature (2 700/3 000/3 500/4 000/5 000 K) and 3 power selectable, combining multiple lighting functions in a single, compact fixture. It reduces the need for multiple SKUs and allows flexibility accross different residential and commercial applications.

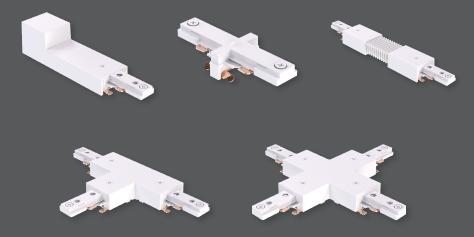

#### Easy installation

This LED track head comes with J style adaptor and is compatible with STJ Stanpro tracks or existing J style systems. It is easy to install and adjust the angle to personalize your lighting layout.

## **Compatible with STJ Stanpro tracks and track accessories**

The compatible <u>STJ Stanpro tracks</u> and <u>accessories</u> allows you to create shapes and designs to personalize the look and achieve the lighting output require. For more information, please visit our website.
