

DOUBLE RING 5 CCT & 3 POWER SELECTABLE LED Ceiling Luminaire

Our Double Ring LED Ceiling Luminaire series is a simple and convenient lighting solution. Available in different sizes, this luminaire is an excellent choice to add a decorative touch to any residential or commercial applications such as hallways, bedrooms, lobbies and more!

■ Color and Power Selectable

Versatile solution with an integrated 5 color temperature selection (2 700/3 000/3 500/4 000/5 000 K) and 3 power selectable. Easily select the desired color temperature and wattage by accessing the switch located inside the housing. An ideal solution for reducing stocking inventory.

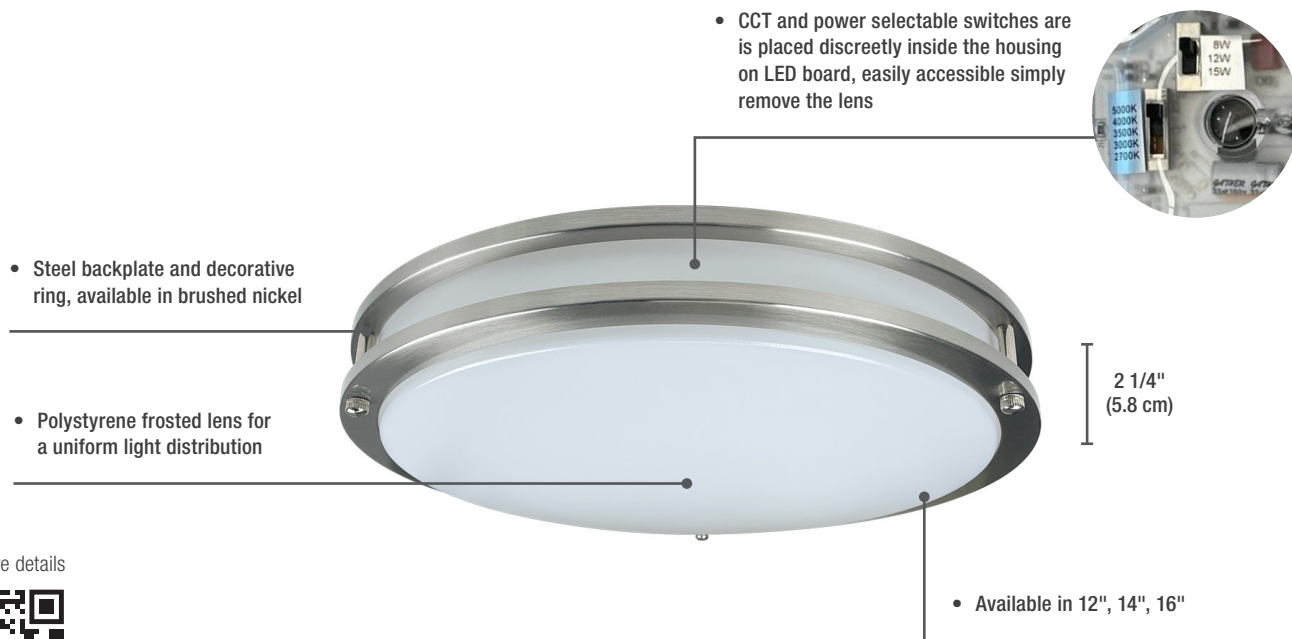

■ Accentuate any space

With two decorative rings in brushed nickel finish, our double ring luminaires will help accentuate any residential or commercial space. Enjoy a slim profile for applications that require more clearance.

■ Easy Installation

Appreciate an easy installation and maintenance, simply unscrew the 3 nuts to remove the metallic ring and lens.

Adaptable to the desired application!

Semi-flush suspension kit

The brushed nickel luminaire can be installed surface mounted (standard) or semi-flush mounted when used with the compatible semi-flush suspension kit sold separately as an accessory.
