

L2STR LED Strip

The L2STR series of versatile LED strips are designed to deliver efficient and high impact illumination. These luminaires feature a rounded lens that evenly diffuses the light and an innovative housing built for quick and easy installation. Whether for retrofit or new construction, the L2STR series is the ideal choice for a variety of commercial and industrial applications.

■ Color and Power Selectable

Versatile LED strip luminaires with the ability to adapt to the colour temperature (3 500/4 000/ 5 000 K) and lumen output requirements for a variety of projects and applications. A single SKU can now replace up to 18 individual luminaires - a distributor's best friend!

■ 120-347 V

Say goodbye to stocking both 120-227 V and 347 V configurations and never worry about sending the wrong voltage to a job site - our drivers function automatically between 120 V and 347 V.

■ Available in 2', 3', 4' & 8'

With multiple luminaire length options, the L2STR series can seamlessly replace outdated fluorescent luminaires. Take advantage of the DLC Premium listing for maximum rebates!
