

## CONTEMPORARY 3 CCT Selectable LED Wall Sconce Luminaire

Available in multiples sizes and finishes, our Contemporary LED Wall Sconce Luminaire allows to add an elegant decorative touch to the selected space. Perfect for any residential or commercial applications such as bathrooms, hallways and more!

### ■ Color Selectable

Versatile solution with an integrated 3 color temperature selection (3 000/3 500/4 000 K). Ideal for reducing stocking inventory.

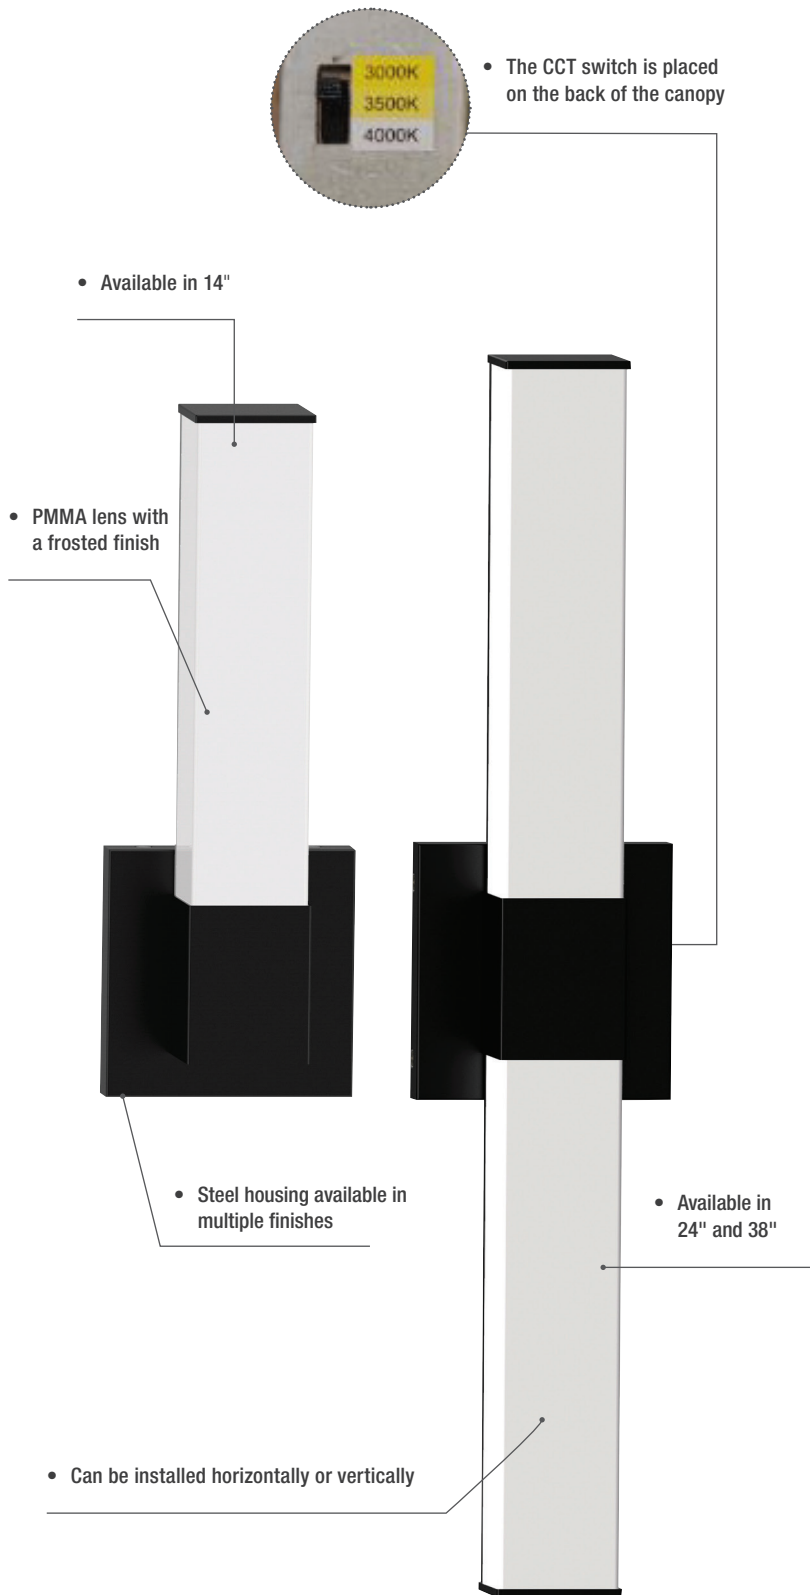

### ■ Accentuate any space

With a minimalist design in square and round shapes and, available in black, brushed nickel and chrome finishes, our Contemporary LED Wall Sconce will enhance any residential or commercial applications.

### ■ True color accuracy

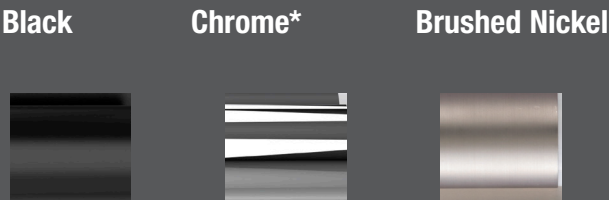

As light quality is essential on vanity applications, our 90+ CRI will instill vibrant true-to-life colors in your space. It will make the skin look healthy and will give it an authentic rich tone. No more off-putting colors, enjoy your natural glow!

# The essence of adaptability

# Multiple finish options

Our Contemporary LED Wall Sconce Luminaires offer different finish options to work with, perfect to be integrated in a variety of decors.

\*Chrome finish includes a pair of gloves to keep your luminaire fingerprint free during installation

# Available in round shape

Enjoy our Contemporary LED Wall Sconces in a round shape as well to complement the chosen space.
