

## THB Temporary LED High Bay (Gen. 2)

Our Temporary LED High Bay work lights are the ideal substitute for traditional HID lamps and luminaires. Designed for tough environments, they provide 360° illumination and will ensure that the work area is safe and properly illuminated. Their high efficacy will help reduce the number of luminaires needed.

### ■ Durable and Lightweight

Constructed with an IP54 rating, polycarbonate housing and aluminum protective cage, the THB series is designed to withstand daily use in applications ranging from DIY home renovation projects to professional job sites.

### ■ 20 Foot Power Cord

Each THB work light includes a 20 foot power cord, providing the freedom to bring illumination where needed. Have peace of mind in knowing that the work area is well-lit, safe, and secure.

### ■ Daisy Chain Feature

A receptacle on each luminaire allows the end-user to daisy chain the work lights together. On job sites with limited power outlets, a single outlet can be used to power multiple work lights!
